Things to know:

- New volunteers are always welcome – no experience necessary. Bring your friends!
- Morning tea is provided at working bees
- Sturdy footwear, eye protection, gardening gloves and clothing that protects your arms and legs is recommended. Dress for the weather conditions and stay sun safe
- First aid kit and defibrillator on site
- We love children to join in but require parents or guardians to always accompany their children, especially near the creek edge. Children are not permitted to use dabbers (which contain herbicide), we do have more suitable tasks to offer
- If you have any cold, flu or covid symptoms – please stay home
- Working bees will be cancelled if the day is declared to have TOTAL FIRE BAN or CATASTROPHIC FIRE DANGER status, or if weather conditions are unsafe. If there is a cancellation, we will forewarn members using our website and by email
- Prior to Sunday working bees, details about tasks and parking will be displayed around Woodend on posters, provided by direct email to members, and posted on our website (woodendlandcare.org.au). Please email us at woodendlandcare@gmail.com if you have further questions.
